Protective Equipment Worn: _____ (1) Boots (2) Helmet (3) SCBA (4) Turnout Coat (5) Work Gloves
(6) Examination Gloves (7) S-Tube (8) Exposure Suit (9) Other, explain (0) None Used
Was Equipment in Poor Condition or Fail During Use? _____ If yes, explain _____
Suggestions to Prevent Similar Effects _____

(F) DESCRIPTION OF EXPOSURE AND REMARKS

I am submitting a CD-73 to cover all exposures during the Deutsche Bank Fire. I had potential exposure to any or all of the following hazardous substances that have been identified by various specific authorities as being present at the Deutsche Bank. These substances include, but are not limited to: Deutsche Bank and WTC particulate matter, smoke from the Deutsche Bank Fire, combustibles, asbestos, silicates, man-made vitreous fibers, polycyclic aromatic hydrocarbons (PAHs), PCBs, dioxins, and heavy metals. At various times during my Deutsche Bank Fire-related activity, I feel that my personal protective equipment did not provide me with adequate protection.

F.D. Medical Officer Notified _____ Time _____ Date _____
Exposed Member's Signature _____ Date _____
Company Officer _____ Date _____
Battalion Chief _____ Date _____
