Dear NYC Fire Pension Fund Pensioner,

Please take this opportunity to update your Life Insurance Fund beneficiary form and avail yourself of the newly created forms for the Variable Supplements Fund and your final pension payment. Additionally, kindly review the enclosed instructions for the recently updated Retirement Self Service (RSS) application.

FORMS

Life Insurance Fund

This form is used to name beneficiaries of your Life Insurance Fund benefit of \$7,500.00.

Please consider completing and returning this form if you are either: (1) unsure of your current beneficiary designations; or (2) wish to update/change your current designations on file.

Variable Supplements Fund

As you were advised at retirement, members who retire for Service on or after October 1, 1968 with at least 20 years of credited service are eligible for an annual lump-sum cash payment in addition to the regular pension. These VSF payments are made on or about December 15th for UFA members and Wipers and on or about January 31st of the following year for UFOA and MEBA members. The current VSF benefit is \$12,000 per year. Should you pass away mid-year, this newly available beneficiary form will allow your designee(s) to receive the prorated amount, currently \$1,000.00 for every full month you were alive during that final calendar year.

Final Pension Payment

This newly created form allows you to designate who will receive your final pension payment, if applicable, for the month in which you pass away.

RETIREMENT SELF SERVICE (RSS) INSTRUCTIONS

The NYC Fire Pension Fund has recently updated the RSS application, which provides our members with information regarding their pension payments and deductions, tax documents, and contact information. Please follow the enclosed instructions in order to establish an account and access this platform.

Should you have any questions regarding this mailing, please do not hesitate to contact the Pension Payroll unit at (929) 436-4898/0099 or send an e-mail to info@nycfirepension.org.
