

UFA Safety Message

An Official Communication
from the UFA Health and Safety Office

November 15, 2020

Do Not Enter E76/L22

As a reminder, the UFA continues our conversation with the Department regarding the use of firehouses as BioPod site locations. It has been the union's position that firehouses should never have been used as a BioPod site for possibly exposed members and civilians to receive an inoculation. The Department has both the ability and the responsibility to move the site out of E76 / L22 to a location that won't endanger on duty members.

No member should participate at this location.

There are several options to get your flu shot:

- BHS: Call 718-999-1918 to schedule an appointment
- At your scheduled WTC appointment
- Members can get flu shots at CVS, Duane Reade, Walgreens, and Rite Aid. Use this link to search for a participating pharmacy in your area:
