On Tuesday May 2, 2023 The Harlem Zoo will be hosting a fundraiser for one of our own. Billy Martinson from Engine 59 was diagnosed last year with Stage 4 Mantle Cell Lymphoma. Billy is a 28 year veteran of the FDNY and 9/11 responder who spent many hours and days at the site. To add to this extremely difficult diagnosis and treatment Billy's wife was also diagnosed

with Breast Cancer last year and is also undergoing treatment. We ask anyone able please come down for a night and have a good time with drinks, food, and live music to benefit Billy and his family.
