

The
JIMMY LEE
Get Together

James "Jimmy" Lee was appointed to the FDNY in May 2004, and assigned to L-125. Throughout the years Jimmy has taken various details and assignments. Some of those being FDOC Rescue Battalion, Rescue Operations, Incident Management Team and most recently was promoted to the rank of Lieutenant in December 2022. Jimmy is an incredible coworker, friend, husband, and father.

Unfortunately, less than a year ago Jimmy was diagnosed with an extremely aggressive variant of Multiple Myeloma, a rare form of cancer. Sadly at this time, conventional medicine has not improved Jimmy's condition. As a result he has now moved to experimental treatments.

Please join us to help support him and his family with his battle against cancer.

Thank you for your support!
